

Sinclair Broadcasting's actions are so far from what the use of publicly owned airwaves are all about. Fox "News" is a network that clearly belongs in the Infomercial category and the FCC has the obligation to take responsible action.

Please, do NOT allow this political infomercial to be aired under the guise of news. And do NOT renew Sinclair Broadcasting's licenses.

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
